Civilian Complaint Form

DPS takes complaints against members of the Department seriously. When complaints are received, it is the intent of the Department to impartially investigate each complaint and afford parties involved a fair, complete and unbiased process. It is the policy of the DPS to consider persons accused of misconduct innocent until, and if, the weight of an investigation proves otherwise. Accordingly, all parties involved will be treated with courtesy, dignity and respect.

Please summarize your complaint in the space provided below and attach your prepared statement to this form: (Attach additional sheets as needed)
